

Welcome to Cloud Code Center !!!

Cloud Code Center is One Stop **ERP Business Management Solutions.**

We are one of the Best **Open Source Application & ERP Software Solutions** providers globally.

As our Tagline states "**Your Idea, Our Tech**" we believe in bringing your ideas to life.

At Cloud Code Center we build software which is Reliable, Secured & User Friendly. Our main forte is **Open Source Application & ERP (Odoo Framework).** We undertake projects On-site, Off-site & Hybrid.

We are the best when it comes to Start-To-End ERP Solutions, **Customization, Implementation & Integration.** Best part is after Completion of project one can Opt for 3 days training (Optional) for their Employees, Online or Offline. We Provide Support Post Completion Of Project. Finally we do provide Maintenance & Support on yearly Basis for very minimum Fee.

Whether you are a Start-Up firm or Well Established Organization, we have Business Management Solutions for Every One. At Cloud Code Center we understand all business have different needs & need different approach, so we do undertake Full-End Solutions Project, One can Choose particular module or solutions depending upon the requirement and also Customization on per / post -purchased Management Solutions (module / project).

We have some great minds at work. They are highly skilled, creative & gifted minds. They are also the foundation of our Company. Our team is expediter in Odoo, Javascript, Python, Testing, etc.

Why Choose Us ?

Insight	Time	Team	Support
 <p>Every Project is Carefully Analyzed and provided with Proper Solutions.</p> <p>The Designing & Development of Application Process is Systematically Approached.</p>	 <p>"Time is the Essence" At Cloud Code Center, We Live by It.</p> <p>The Entire Project Will be Executed & Delivered in Timely Manner.</p>	 <p>Our Team has Years of Experience in Odoo, Python, Javascript, etc.</p> <p>One of the Best When it Comes to Customization, Implementation & Integration.</p>	 <p>24X7 Support.</p> <p>We Are Just One Click Away.</p> <p>Worldwide Availability.</p> <p>After Sales Support.</p>

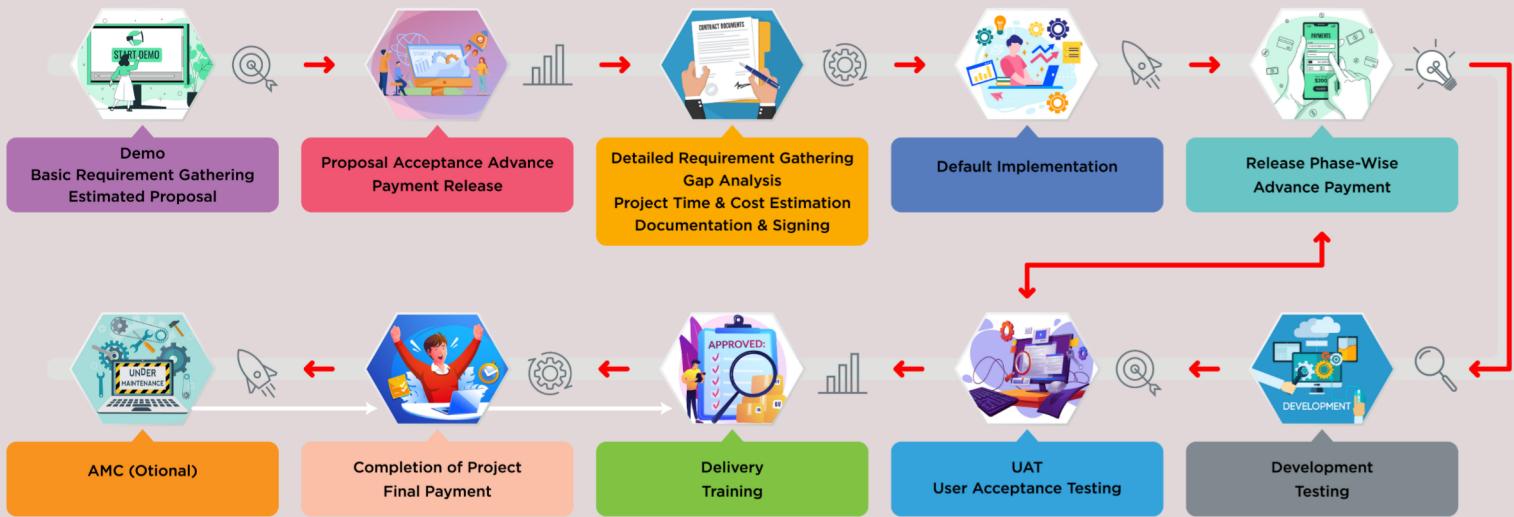

Our Process

Our process is simple, transparent & Reliable. [Phase-wise project approach](#) helps both Us & Clients to execute & deliver the project in timely manner.

At same time employees of the organization do get enough time to get to adjust to new management software.

Maintenance & Support is completely provided depending upon the size of project. [AMC](#) is optional. One can even just avail our AMC for minimum Fee (yearly).

Our Team

We have wide-reaching team from different Areas, and we like to call them Mad Minds. Mad Minds You Say??? Yes, Every Member is unique, worked on different software's, languages and areas of expertise. Mad Minds are very creative, talented, highly skilled professionals.

When they come together there is no stone unturned. As everyone have different inputs of ideas, implementation, development, solutions. The Result is Amazing. They never stop to surprise US.

At Cloud Code Center our aim is to deliver the Best Business Solution and Support. We provide a variety of services all around the world. Our service includes Project Management Solution, Software Development and Consultation, Web Design and Development, E-Commerce Web Solution, Business App Development, etc.

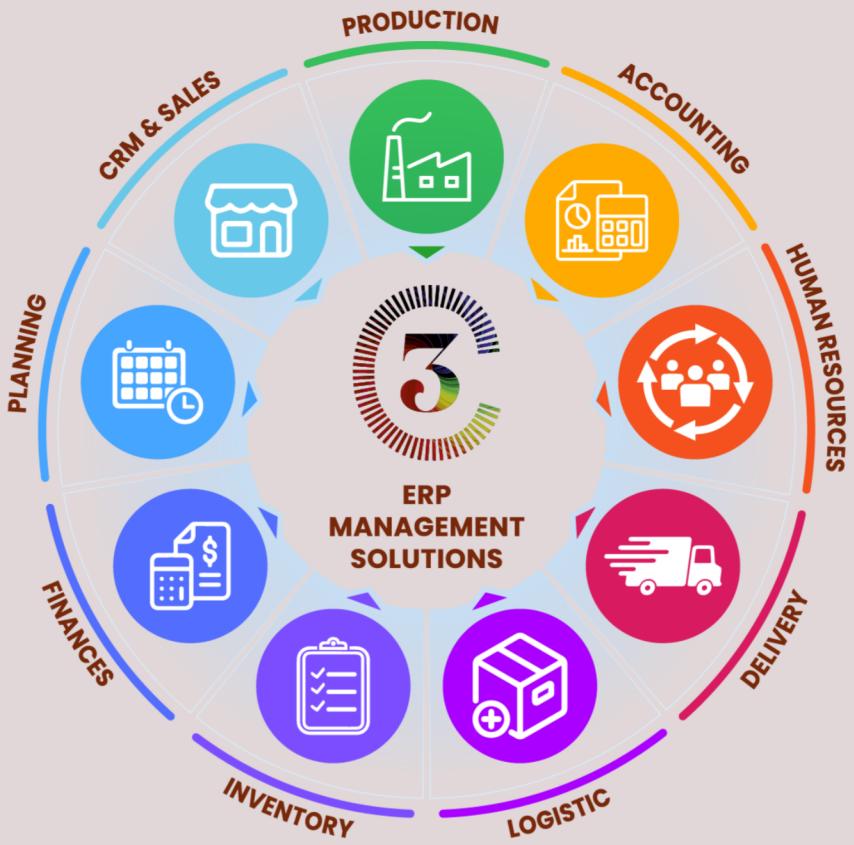

Our Solutions

We have Solutions for majority of the Business management solution. We got you covered. We can start from Scratch to Finish. You Name it? We got it All.

We have Best in Class, **Top-Notch Business Management Solutions** for every Business. Our Team is highly skilled in Customization, Implementation & Integration.

We can develop a Management Solution as per you **requirement**.

Do take a glance at our Software Management Solutions includes **CRM, HR, POS, Inventory, MRP** and many more modules to boost up your business.
